

COMMONWEALTH OF PENNSYLVANIA  
OFFICE OF THE GOVERNOR  
HARRISBURG

THE GOVERNOR

**GREETINGS:**

It gives me great pleasure to join with the Lehigh County Log Cabin Trail Committee in support of October 18-24, 2009 as Log Cabin Trail Week.

The Lehigh County Log Cabin Trail was established to identify and call to the public's attention twenty-two of our one hundred remaining and charming 18<sup>th</sup> and 19<sup>th</sup> century log cabins and other log buildings. The Lehigh County Log Cabin Trail is unique in Pennsylvania the United States. It seeks to add to and enhance the public's appreciation of the rich historic log building heritage of Lehigh County, Pennsylvania. The Lehigh County Log Cabin Trail adds a new component to existing historic tourism opportunities in Lehigh County, and provides excellent opportunities for the public to see and photograph some of the few remaining 18<sup>th</sup> and 19<sup>th</sup> century log cabins and other log buildings.

As Governor I am pleased to support October 18-24, 2009 as Log Cabin Trail Week, and encourage all Pennsylvanians to take advantage to this opportunity to see and appreciate the historic beauty of some of the remaining log cabins and other log buildings in Lehigh County.
